Free Pike Throughout Bourbon.

BOURBON COUNTY to-day has two hundred and seventy-six miles of turn-pikes and no toll is collected within the limits of the county. The last pike to be freed was the fourteen miles of Colonel Baldwin's famous Maysville & Lexington road, which was acquired Saturday by the Fiscal Court, and the gates were immediately thrown open. This pike extends North and South from Paris through the central and most populous portions of the county, and is the main artery of travel to and from this city. The price agreed on is equivalent to \$25,000. According to the terms of sale \$20,333 of the sum will be paid in deferred payments, and Bourbon County is also to surrender to Colonel Baldwin 140 shares of stock in the Maysville & Lexington pike. The county already owns 100 shares and, THE NEWS understands, has arranged for the remaining 40 shares necessary—the deferred payments and stocks aggregating as a whole \$25,000, as mentioned above.

While raid after raid by the lawless element on toll-gates have occurred in nearly every adjoining county, Bourbon has witnessed not a single outbreak and has to its credit two law-breakers convicted and in the penitentiary for attempting to burn a toll-house in order to vent a petty personal spite against the keeper. The raiders will have to find another occupation so far as Bourbon is concerned.

Cynthiana can now be reached from all points in Harrison by free pikes.

Kentucky Men Honored.

A DISPATCH from Charlottesville, Va., Sunday, said:

"Yesterday was Kentucky day at the University of Virginia. At a meeting of the law class the following officers were elected: President, C. W. Miller, of Irvine, Ky.; Vice President, Brutus J. Clay, of Paris, Ky.; Treasurer, J. F. Minor, of Staunton, Va.; Historian, C. M. Owsley, of Lancaster, Ky.
 "Mr. Miller is a Bachelor of Arts of Centre College, and also of Yale University. He took a very high stand in his junior year, and was elected President by the unanimous vote of the law class. Mr. Clay is a Bachelor of Arts of Princeton University and a nephew of the Hon. C. M. Clay. Mr. Owsley is a Bachelor of Science of Centre College. He was Centre's representative in the intercollegiate oratorical contest in 1894, and yesterday won the admiration and applause of all in his speech nominating Mr. Miller for the presidency.
 "Never before in the history of the university did so many honors in the law department go to students from one State. The Kentucky boys have taken a high stand at the university, and no citizen of the old Commonwealth need be ashamed of her representation here."

Paris Horses in Pennsylvania.

Dan Morris had a good run of luck at Washington (Pa.) last week. He won the 2:25 pace in 2:29½, with Gen. Helm, and the 2:40 trot in 2:34½ over a heavy track with Baron Wood. He also won the 2:27 trot with Baron Wood, in 2:29½. Both horse and driver were applauded.

A Washington paper says: "Colonel Turney, of Paris, Ky., arrived Thursday morning. He is a very pleasant gentleman, and may dispose of Baron Wood to a Washington horseman who has taken a fancy to him."

If you are not going to the Klondike you want a sack of Paris Mill flour. If you are you want a car-load. (4t)

Buried For Two Days.

DENNIS McNAMARA, of this city, arrived home yesterday from Ohio, where he has been assisting his brother, Will McNamara (Prof. Douglass) in sensational burial performances. In the presence of 12,000 people at the Napoleon (Ohio) fair Prof. Douglass buried Dennis, keeping him in the grave two days. The feat was very successful. Prof. Douglass and his subject rode to fair grounds on a wagon (the subject sitting on a coffin) followed by a brass band. They will give exhibitions in October at three fairs in Ohio.

DRESS GOODS.

My importations for this Fall and Winter of Ladies' and Children's Dress Goods exceed in cost of investment \$10,000 any other purchase I ever made in this one line of goods. With forty years' experience in Dry Goods business in Paris I saw it was to your and my interest to secure these goods under the low tariff, consequently I invested every available dollar I had in goods at low prices. The new Dingley tariff bill has already made and will when set fully at work make all classes of Dry Goods fully double in price what they were under the Wilson or low tariff. I have the advantage of this: My goods were bought when cheap, and it is my intention to hold them down as long as a yard of them lasts. If you want to save money in your purchase this Fall and Winter come and see me and examine my stock and hear prices before you invest elsewhere.
